TECHNICAL DATA SHEET

Siltech[®] CF-954

Octamethylcyclotetrasiloxane

DESCRIPTION

Siltech[®]CF-954 is a volatile cyclic methylsiloxane made up primarily of octamethylcyclotetrasiloxane, or D4. **Siltech[®]CF-954** has the INCI name of Cyclotetrasiloxane.

TYPICAL PROPERTIES

Color, Gardner	1 Max
Appearance	Clear Liquid
Composition	99% Octamethylcyclotetrasiloxane
Viscosity (25 ^o C)	2.2 cps
Active Content %	100
Specific Gravity (25 ^o C)	0.95
Flash Point	57 ^o C
Water solubility	Insoluble

USES AND APPLICATION

Siltech[®]CF-954 is an excellent carrier for oils and greases and for active ingredients. **Siltech[®]CF-954** can also be used as to clean various substrates where removal of greases, silicone fluids or waxes is important. Leaves a soft, silky feel in cosmetic formulations.

SAFETY

Before handling, read the Material Safety Data Sheet and container label for safe use, physical and health hazard information.

THIS MATERIAL IS NOT FOR MEDICAL OR DRUG USE.

STORAGE AND SHELF LIFE

When stored in the original, unopened containers between 10 and 40^oC, **Siltech[®]CF-954** has a shelf life of 36 months from date of manufacture.

PACKAGING

Siltech[®]CF-954 is available in 20kg and 200kg containers.

LEGAL DISCLAIMER

Siltech Corporation believes that the information in this technical data sheet is an accurate description of the typical uses of the product. Siltech Corporation, however, disclaims any liability for incidental or consequential damages, which may result from the use of the product that are beyond its control. Therefore, it is the user's responsibility to thoroughly test the product in their particular application to determine its performance, efficacy and safety. Nothing contained herein is to be considered as permission or a recommendation to infringe any patent or any other intellectual property right.
