USES AND APPLICATION
Siltech CE-2000 is a high molecular weight ester that provides unique wetting properties for pigments that are used for lipsticks and pressed powders. Siltech® CE-2000 also gives a good cushion for lipsticks.

Because Siltech CE-2000 is based on a high molecular weight alcohol it has low irritation properties, is liquid at very low temperatures, has low volatility and is an excellent lubricant.

Siltech CE-2000 is also highly substantive to the skin and is an excellent emollient.

SAFETY
Before handling, read the Material Safety Data Sheet and container label for safe use, physical and health hazard information.

THIS MATERIAL IS NOT FOR MEDICAL OR DRUG USE.

STORAGE AND SHELF LIFE
When stored in the original, unopened containers between 10 and 40°C, Siltech CE-2000 has a shelf life of 36 months from date of manufacture.

PACKAGING
Siltech CE-2000 is available in 20kg and 190kg containers.

LEGAL DISCLAIMER
Siltech Corporation believes that the information in this technical data sheet is an accurate description of the typical uses of the product. Siltech Corporation, however, disclaims any liability for incidental or consequential damages, which may result from the use of the product that are beyond its control. Therefore, it is the user's responsibility to thoroughly test the product in their particular application to determine its performance, efficacy and safety. Nothing contained herein is to be considered as permission or a recommendation to infringe any patent or any other intellectual property right.
